

# Do you have the right form? Let's make sure...

## The form on the next 2 pages is a combination Asthma Action Plan plus a Medication Administration Authorization Form

We understand that some health care providers charge additional fees for each completed form. New for 2018, we have created new multi-medication forms (see links below) in an effort to reduce the fees charged by some prescribers to complete these state-mandated documents. We hope that these new forms are helpful 😊.

\*The state of Maryland requires all medications to be accompanied by a Medication Administration Authorization (MAA) form signed by a prescriber. This applies to all types of medications including prescription, over-the-counter, vitamins, and homeopathics.

Remember that Sandy Hill stocks over 30 commonly used over-the-counter medications including ibuprofen (Motrin, Advil), acetaminophen (Tylenol), diphenhydramine (Benadryl) and many more. If your camper needs any of these on an as-needed only basis, you do not need to complete any paper medication authorization forms – you simply need to provide parental permission in your camper's Online Health History found on their Camper Home Page.

For more information about medication at camp, please see Section 2.6 on page 7 of the Parents Handbook at [www.sandyhillcamp.com/parent\\_handbook\\_2018.pdf](http://www.sandyhillcamp.com/parent_handbook_2018.pdf).
